38. According to New York State law which will go into effect 2024, a reduction in political contribution limits will be phased in with public financing of campaigns supported by a combination of voluntary tax payer check off and general budget funds, The new law provides for matching funds to smaller donations received by qualified candidates. The estimated cost to taxpayers could be as much as \$100 million per year. What is your position on using public funding in support of candidate campaigns in this manner?

47. Ranked Choice Voting (as was used in the 2021 New York City municipal elections) gives voters the option to rank candidates in order of preference (i.e. ranking candidates on the ballot as 1st, 2nd, 3rd, 4th, and 5th choices). If you still want to vote for just one candidate, you can do that. An instant runoff process is then used and the election is decided as soon as one candidate receives a majority of votes. Based on this description of ranked choice voting, would you..
